

API BENTONITE

An Industry Benchmark

TYPE	:	API 13A
DESCRIPTION	:	A Bentonite designed to meet the standard of API's Specification 13A, Section 11 which is serving as a Benchmark in drilling industry.
APPLICATIONS	:	Oil Well Drilling Drilling in Civil Engineering Water Well Drilling All Drilling Fluid Functions
ADVANTAGES	:	Provides Excellent Rheology Best Filtration Properties Enhanced Stability
PHYSICAL PROPERTIES	:	Viscometer Dial Reading @ 600 rpm - 30min Filtrate Volume - 15 cm ³ max. Yield point/plastic viscosity ratio - 3 max Moisture - 12.5 wt.% max Residue >75 mic. - 4 wt.% max.
PACKING	:	50 Kgs Bag 1000 Kgs Bag (in lot of 28.0 Mts)
STORAGE	:	Store in original packing in dry and ventilated area
INFO. / SUPPORT	:	Mr. Kunal Khanna +971 55 777 7695 Mr. Simran Nanda +971 55 709 9162
